Proceedings (Animal Sciences)

Volume 97, 1988

SUBJECT INDEX

Aboveground insects
Population, biomass and secondary net production of aboveground insects in a temperate grassland 319
Achaea janata
Faecal weight as an index of development rate and energy content of imago of lepidopterous insects 35
Adrenal cortex
Seasonal changes in the adrenal glands of the south Indian female gerbil, *Tatera indica cuvierii* (Waterhouse) in relation to the reproductive cycle 263
Ageing
'Dark' type Purkinje cells and neuronal ageing 449
Albino rats
Effect of feeding organic acid treated maize (*Zea mays* L.) on growth and reproduction of albino rats (*Rattus norvegicus albinicus*) and Indian desert gerbils (*Meriones hurrianae*, jerdon) 161
Aliphatic compounds
Chemical analysis of secretion from the abdominal scent glands of *Chrysocoris purpureus* (Heteroptera: Pentatomidae) 111
Ammonia-N
Diurnal variation in renal and extra-renal excretion of ammonia-N and urea-N in a freshwater air-breathing teleost, *Heteropneustes fossilis* (Bloch) 529
Amrasca biguttula biguttula
Role of chemical components of resistant and susceptible genotypes of cotton and okra in ovipositional preference of cotton leafhopper 545
Ancylostoma ceylanicum
Haemodynamics of hamsters during *Ancylostoma ceylanicum* infection 491
Asian elephant
Growth in the Asian elephant 561
Atractomorpha crenulata
Biochemical changes during embryogenesis in *Atractomorpha crenulata* (Fab) (Orthoptera: Insecta) 133
Bioenergetics and reproductive efficiency of *Atractomorpha crenulata* F. (Orthoptera: Insecta) in relation to food quality 505

Bats
Role of light and temperature in the roosting ecology of tropical microchiropteran bats 551
Behavioural relevance
Specialised integumentary glands of the Indian field mouse, *Mus booduga booduga* 499
Behavioural thermoregulation
Role of light and temperature in the roosting ecology of tropical microchiropteran bats 551
Bimodality
Population biology and reproductive strategy of *Dichogaster bolaui* (Oligochaeta: Octochaetidae) in two tropical agroecosystems 239
Bioassay
Effect of copper, cadmium and zinc on fish-food organisms, *Daphnia lumholtzi* and *Cypris subglobosa* 175
Biochemical changes
Biochemical changes during embryogenesis in *Atractomorpha crenulata* (Fab) (Orthoptera: Insecta) 133
Biochemical constituents
Seasonal changes in the level and content of different biochemical constituents in tropical cerithiids *Cerithidea* (*Cerithideopsilla*) *cingulata* (Gmelin 1790) and *Cerithium coralium* Kiener 1841 151
Biochemical content
Seasonal changes in the level and content of different biochemical constituents in tropical cerithiids *Cerithidea* (*Cerithideopsilla*) *cingulata* (Gmelin 1790) and *Cerithium coralium* Kiener 1841 151
Biochemical level
Seasonal changes in the level and content of different biochemical constituents in tropical cerithiids *Cerithidea* (*Cerithideopsilla*) *cingulata* (Gmelin 1790) and *Cerithium coralium* Kiener 1841 151
Biochemicals
Role of chemical components of resistant and susceptible genotypes of cotton and okra in ovipositional preference of cotton leafhopper 545
Biomass
Earthworm population dynamics in different jhum fallows developed after slash and burn agriculture in north-eastern India 309
Biotope vegetation
Population structure of earthworms in woodlands of Karnataka 355
Birds
The subcellular morphology of avian adrenal medulla 329

Bombyx mori
Effect of leaf ration on dietary water budget of the larvae of silkworm *Bombyx mori* and eri silkworm *Philosamia ricini* 197
Polyol dehydrogenases in the eggs of the silkworm *Bombyx mori* L. 429
Bryozoa
Overgrowth competitions amongst encrusting cheilostomes 141
Bufo melanostictus
Glycosidases in toad (*Bufo melanostictus*) sperm and their role during fertilization 181
Bursal gland
Bursal glands of Reduviidae (Insecta—Heteroptera) 211

Carbohydrate-oriented metabolism
Seasonal changes in the level and content of different biochemical constituents in tropical cerithiids *Cerithidea* (*Cerithideopsilla*) *cingulata* (Gmelin 1790) and *Cerithium coralium* Kiener 1841 151
Caridean prawns
Bioenergetics of feeding and metabolic cost of living in freshwater Caridean prawns 519
Cercaria diglandulata
Histological and histochemical observations on the digestive gland of *Melanoides tuberculatus* (Gastropoda) infected with certain larval trematodes and focus on their mode of nutrition 251
Cercaria martini
Histological and histochemical observations on the digestive gland of *Melanoides tuberculatus* (Gastropoda) infected with certain larval trematodes and focus on their mode of nutrition 251
Cerithidea cingulata
Seasonal changes in the level and content of different biochemical constituents in tropical cerithiids *Cerithidea* (*Cerithideopsilla*) *cingulata* (Gmelin 1790) and *Cerithium coralium* Kiener 1841 151
Cerithium coralium
Seasonal changes in the level and content of different biochemical constituents in tropical cerithiids *Cerithidea* (*Cerithideopsilla*) *cingulata* (Gmelin 1790) and *Cerithium coralium* Kiener 1841 151
Cd
Effect of copper, cadmium and zinc on fish-food organisms, *Daphnia lumholtzi* and *Cypris subglobosa* 175
Cerebellum
'Dark' type Purkinje cells and neuronal ageing 449
Chinese silver carp
Fecundity of the Chinese silver carp *Hypophthalmichthys molitrix* (Val.) from Gujartal Fish Farm, Jaunpur, UP 169
Chiroptera
Cytology and seasonal changes of the pituitary of the emballonurid bat, *Taphozous melanopogon* (Temminck) 479
Chromaffin
The subcellular morphology of avian adrenal medulla 329
Chrysocoris purpureus
Chemical analysis of secretion from the abdominal scent glands of *Chrysocoris purpureus* (Heteroptera: Pentatomidae) 111
Cilia
Cilia regeneration in cytochalasin B treated *Tetrahymena* 417
Club-shaped hair
A club-shaped sensory hair on the first instar *Ectropis excursaria* (Lepidoptera: Geometridae) and its role in the behaviour of the caterpillars 79
Coastal environment
Pollution of the seas around India 117
Coconut rhinoceros beetle
Digestive enzyme secretion during metamorphosis in *Oryctes rhinoceros* (Coleoptera: Scarabaeidae) 67
Probable endocrine role of midgut tissue in stimulation of digestive enzyme secretion in *Oryctes rhinoceros* (Coleoptera: Scarabaeidae)73
Coconut root (wilt) disease
Stylet course of lace bug *Stephanitis typica* (Distant) in coconut leaf 539
Community structure
Overgrowth competitions amongst encrusting cheilostomes 141
Competitive interactions
Overgrowth competitions amongst encrusting cheilostomes 141
Cotton
Role of chemical components of resistant and susceptible genotypes of cotton and okra in ovipositional preference of cotton leafhopper 545
Crassostrea madrasensis
Natural food of the edible oyster *Crassostrea madrasensis* (Preston) of Pulicat lake, south India 463
Cu
Effect of copper, cadmium and zinc on fish-food organisms, *Daphnia lumholtzi* and *Cypris subglobosa* 175
Cuticulogenesis
Effect of two juvenile hormone analogues on embryonic morphogenesis, histogenesis, endocrines and cuticulogenesis of *Dysdercus cingulatus* Fabr. (Heteroptera: Pyrrhocoridae) 55
Cyprinus carpio
Experimental study on addition of superphosphate and mahua oil cake for increased yield from fish ponds 89

Effects of varying dietary protein level on the blood parameters of *Cyprinus carpio* 363

Cypris
Effect of copper, cadmium and zinc on fish-food organisms, *Daphnia lumholtzi* and *Cypris subglobosa* 175

Cytochalasin B
Cilia regeneration in cytochalasin B treated *Tetrahymena* 417

Daphnia
Effect of copper, cadmium and zinc on fish-food organisms, *Daphnia lumholtzi* and *Cypris subglobosa* 175

Daphnia-life span
Laboratory studies on the life span, growth, fecundity and embryonic development of *Daphnia cephalata* King (Crustacea: Daphniidae) 367

Defensive
Chemical analysis of secretion from the abdominal scent glands of *Chrysocoris purpureus* (Heteroptera: Pentatomidae) 111

Deflection
A club-shaped sensory hair on the first instar *Ectropis excursaria* (Lepidoptera: Geometridae) and its role in the behaviour of the caterpillars 79

Dehydrogenases
Polyol dehydrogenases in the eggs of the silkworm *Bombyx mori* L. 429

De novo synthetic pathway
Nitrogen excretion in insects 379

Desert gerbils
Effect of feeding organic acid treated maize (*Zea mays* L.) on growth and reproduction of albino rats (*Rattus norvegicus albinicus*) and Indian desert gerbils (*Meriones hurrianae*, jerdon) 161

Detritus
Natural food of the edible oyster *Crassostrea madrasensis* (Preston) of Pulicat lake, south India 463

Development rate
Faecal weight as an index of development rate and energy content of imago of lepidopterous insects 35

Diapause
Effect of feeding, ageing and diapausing on longevity and oviposition in the adult females of the army worm, *Spodoptera litura* (Fabricius) (Lepidoptera: Noctuidae) 29

Diatoms
Natural food of the edible oyster *Crassostrea madrasensis* (Preston) of Pulicat lake, south India 463

Dichogaster bolaui
Population biology and reproductive strategy of *Dichogaster bolaui* (Oligochaeta: Octochaetidae) in two tropical agroecosystems 239

Dietary protein levels
Effects of varying dietary protein level on the blood parameters of *Cyprinus carpio* 363

Dietary water
Effect of leaf ration on dietary water budget of the larvae of silkworm *Bombyx mori* and eri silkworm *Philosamia ricini* 197

Digestive enzymes
Digestive enzyme secretion during metamorphosis in *Oryctes rhinoceros* (Coleoptera: Scarabaeidae) 67
Probable endocrine role of midgut tissue in stimulation of digestive enzyme secretion in *Oryctes rhinoceros* (Coleoptera: Scarabaeidae) 73

Digestive glands
Histological and histochemical observations on the digestive gland of *Melanoides tuberculatus* (Gastropoda) infected with certain larval trematodes and focus on their mode of nutrition 251

Distribution
A club-shaped sensory hair on the first instar *Ectropis excursaria* (Lepidoptera: Geometridae) and its role in the behaviour of the caterpillars 79

Diuretic hormone
Role of endocrines in water balance in the coconut palm beetle *Oryctes rhinoceros*-Ultrastructural and electrophoretic studies 347

Diurnal variation
Diurnal variation in renal and extra-renal excretion of ammonia-N and urea-N in a freshwater air-breathing teleost, *Heteropneustes fossilis* (Bloch) 529

Drosophila nasuta
Inversion polymorphism in natural populations of *Drosophila nasuta nasuta* 471

Dysdercus cingulatus
Effect of two juvenile hormone analogues on embryonic morphogenesis, histogenesis, endocrines and cuticulogenesis of *Dysdercus cingulatus* Fabr. (Heteroptera: Pyrrhocoridae) 55

Early development
Early development and implantation in the rat-tailed bat, *Rhinopoma microphyllum* (Brunnich)—Rhinopomatidae—Microchiroptera 275

Earthworm
Earthworm population dynamics in different jhum fallows developed after slash and burn agriculture in north-eastern India 309

Earthworm densities
Population structure of earthworms in woodlands of Karnataka 355

Earthworm diversity
Population structure of earthworms in woodlands of Karnataka 355

Earthworm fauna
Population structure of earthworms in woodlands of Karnataka 355
Egg ultrastructure
Ultrastructure of the eggs of Reduviidae: IV. Eggs of Rhaphidosomatinae (Insecta-Heteroptera) 49
Electrophoresis
Role of endocrines in water balance in the coconut palm beetle *Oryctes rhinoceros*-Ultrastructural and electrophoretic studies 347
Elephas maximus
Growth in the Asian elephant 561
Embryogenesis
Biochemical changes during embryogenesis in *Atractomorpha crenulata* (Fab) (Orthoptera: Insecta) 133
Laboratory studies on the life span, growth, fecundity and embryonic development of *Daphnia cephalata* King (Crustacea: Daphniidae) 367
Embryonic development
Effect of two juvenile hormone analogues on embryonic morphogenesis, histogenesis, endocrines and cuticulogenesis of *Dysdercus cingulatus* Fabr. (Heteroptera: Pyrrhocoridae) 55
Endocrines
Effect of two juvenile hormone analogues on embryonic morphogenesis, histogenesis, endocrines and cuticulogenesis of *Dysdercus cingulatus* Fabr. (Heteroptera: Pyrrhocoridae) 55
Endocytosis
Oocyte—follicle epithelial cell dynamics in *Arrhenothrips ramakrishnae* Hood (Insecta: Thysanoptera)—II. Observations on the preterminal and terminal oocytes 13
Endoplasmic reticulum
Oocyte—follicle epithelial cell dynamics in *Arrhenothrips ramakrishnae* Hood (Insecta: Thysanoptera)—II. Observations on the preterminal and terminal oocytes 13
Entomoresources
Trophic structure and diversity in some litter inhabiting microarthropods of monoculture and natural forest ecosystems 301
Environmental resistance factor
Free phenol and the improved tolerance in four Meloidogyne (root-knot nematode) susceptible hosts 97
Epibenthic
Overgrowth competitions amongst encrusting cheilostomes 141
Epinephrine
The subcellular morphology of avian adrenal medulla 329
Eri silkworm
Steroidogenic cells in the testis of larva, pupa and adult eri silkworm, *Philosamia ricini*—A histochemical study 189
Estuaries
Pollution of the seas around India 117
Extracarbohydrate source
Toxic effects of DDT, malathion and mercury on the tissue carbohydrate metabolism of *Sarotherodon mossambicus* (Peters) 443
Eyelid (tarsal)
Specialised integumentary glands of the Indian field mouse, *Mus booduga booduga* 499

FEC-oocyte cortex interface
Electron microscopic studies on the follicle epithelial cell-oocyte cortex interface in *Arrhenothrips ramakrishnae* Hood (Insecta: Thysanoptera) 289
Faecal weight
Faecal weight as an index of development rate and energy content of imago of lepidopterous insects 35
Farnesyl methyl ether
Effect of two juvenile hormone analogues on embryonic morphogenesis, histogenesis, endocrines and cuticulogenesis of *Dysdercus cingulatus* Fabr. (Heteroptera: Pyrrhocoridae) 55
Fecundity
Fecundity of the Chinese silver carp *Hypophthalmichthys molitrix* (Val.) from Gujartal Fish Farm, Jaunpur, UP 169
Laboratory studies on the life span, growth, fecundity and embryonic development of *Daphnia cephalata* King (Crustacea: Daphniidae) 367
Feeding
Effect of feeding, ageing and diapausing on longevity and oviposition in the adult females of the army worm, *Spodoptera litura* (Fabricius) (Lepidoptera: Noctuidae) 29
Feeding intensity
Natural food of the edible oyster *Crassostrea madrasensis* (Preston) of Pulicat lake, south India 463
Fertilization
Glycosidases in toad (*Bufo melanostictus*) sperm and their role during fertilization 181
First instar
A club-shaped sensory hair on the first instar *Ectropis excursaria* (Lepidoptera: Geometridae) and its role in the behaviour of the caterpillars 79
Fish ponds
Experimental study on addition of superphosphate and mahua oil cake for increased yield from fish ponds 89
Follicle epithelial cells
Oocyte—follicle cell dynamics in *Arrhenothrips ramakrishnae* Hood (Insecta: Thysanoptera)—I 1
Oocyte—follicle epithelial cell dynamics in *Arrhenothrips ramakrishnae* Hood (Insecta: Thysanoptera)—II. Observations on the preterminal

and terminal oocytes 13
Food energy
Bioenergetics of feeding and metabolic cost of living in freshwater Caridean prawns 519
Food quality
Bioenergetics and reproductive efficiency of *Atractomorpha crenulata* F. (Orthoptera: Insecta) in relation to food quality 505
Food utilization
Bioenergetics and reproductive efficiency of *Atractomorpha crenulata* F. (Orthoptera: Insecta) in relation to food quality 505
Free amino acids
Preliminary studies on the venom of three Indian spiders 231
Freshwater air-breathing teleost
Diurnal variation in renal and extra-renal excretion of ammonia-N and urea-N in a freshwater air-breathing teleost, *Heteropneustes fossilis* (Bloch) 529
Functional response
Functional response of *Eocanthecona furcellata* (Wolff.) (Heteroptera: Pentatomidae) in relation to prey density and defence with reference to its prey *Latoia lepida* (Cramer) (Lepidoptera: Lemacodidae) 339

Germarium
Oocyte—follicle cell dynamics in *Arrhenothrips ramakrishnae* Hood (Insecta: Thysanoptera)—I 1
Gesonula punctifrons
Haemolymph protein profiles during the gonadotrophic period of *Gesonula punctifrons* Stal. (Orthoptera: Insecta) 423
Gibberellic acid
On the improved vigour of the root-knot nematode infected cowpea plant with phenols of palmyrah wood sawdust extract, fortified with gibberellic acid and indoleacetic acid 103
Glycerol
Polyol dehydrogenases in the eggs of the silkworm *Bombyx mori* L. 429
Glycosidase
Glycosidases in toad (*Bufo melanostictus*) sperm and their role during fertilization 181
Gonadotrophic period
Haemolymph protein profiles during the gonadotrophic period of *Gesonula punctifrons* Stal. (Orthoptera: Insecta) 423
Granular haemocytes
Effect of triol and makisterone A on the haemocytes of *Hieroglyphus nigrorepletus* Bolivar (Orthoptera: Acrididae) 203
Gravity receptors
A club-shaped sensory hair on the first instar *Ectropis excursaria* (Lepidoptera: Geometridae) and its role in the behaviour of the caterpillars 79
Growth
Experimental study on addition of superphosphate and mahua oil cake for increased yield from fish ponds 89
Laboratory studies on the life span, growth, fecundity and embryonic development of *Daphnia cephalata* King (Crustacea: Daphniidae) 367
Growth in the Asian elephant 561
Gut hormone
Probable endocrine role of midgut tissue in stimulation of digestive enzyme secretion in *Oryctes rhinoceros* (Coleoptera: Scarabaeidae) 73

Haematology
Effects of varying dietary protein level on the blood parameters of *Cyprinus carpio* 363
Haemodynamics
Haemodynamics of hamsters during *Ancylostoma ceylanicum* infection 491
Hamster
Haemodynamics of hamsters during *Ancylostoma ceylanicum* infection 491
Harpactorinae
Predatory behaviour of *Rhinocoris marginatus* Fabricius (Harpactorinae—Reduviidae—Heteroptera—Insecta) 41
Hieroglyphus nigrorepletus
Effect of triol and makisterone A on the haemocytes of *Hieroglyphus nigrorepletus* Bolivar (Orthoptera: Acrididae) 203
Histochemistry
'Dark' type Purkinje cells and neuronal ageing 449
Histogenesis
Effect of two juvenile hormone analogues on embryonic morphogenesis, histogenesis, endocrines and cuticulogenesis of *Dysdercus cingulatus* Fabr. (Heteroptera: Pyrrhocoridae) 55
Histological changes
Seasonal changes in the adrenal glands of the south Indian female gerbil, *Tatera indica cuvierii* (Waterhouse) in relation to the reproductive cycle 263
Histopathology
Histological and histochemical observations on the digestive gland of *Melanoides tuberculatus* (Gastropoda) infected with certain larval trematodes and focus on their mode of nutrition 251
Holocrine sebaceous
Specialised integumentary glands of the Indian field mouse, *Mus booduga booduga* 499
Hopper
Effect of triol and makisterone A on the haemocytes of *Hieroglyphus nigrorepletus* Bolivar (Orthoptera: Acrididae) 203
Host tolerance
Free phenol and the improved tolerance in four

Meloidogyne (root-knot nematode) susceptible hosts 97
Humid tropics
Earthworm population dynamics in different jhum fallows developed after slash and burn agriculture in north-eastern India 309

Imago
Faecal weight as an index of development rate and energy content of imago of lepidopterous insects 35
Implantation
Early development and implantation in the rat-tailed bat, *Rhinopoma microphyllum* (Brunnich)—Rhinopomatidae—Microchiroptera 275
Indian field mouse
Specialised integumentary glands of the Indian field mouse, *Mus booduga booduga* 499
Indole acetic acid
On the improved vigour of the root-knot nematode infected cowpea plant with phenols of palmyrah wood sawdust extract, fortified with gibberellic acid and indoleacetic acid 103
Insects
Nitrogen excretion in insects 379
Inversions
Inversion polymorphism in natural populations of *Drosophila nasuta nasuta* 471

Juvenile hormone analogues
Effect of two juvenile hormone analogues on embryonic morphogenesis, histogenesis, endocrines and cuticulogenesis of *Dysdercus cingulatus* Fabr. (Heteroptera: Pyrrhocoridae) 55
Kinoprene (ZR 777)
Effect of two juvenile hormone analogues on embryonic morphogenesis, histogenesis, endocrines and cuticulogenesis of *Dysdercus cingulatus* Fabr. (Heteroptera: Pyrrhocoridae) 55

$LC_{16\text{-}50\text{-}84}$
Effect of copper, cadmium and zinc on fish-food organisms, *Daphnia lumholtzi* and *Cypris subglobosa* 175
Lace bug
Stylet course of lace bug *Stephanitis typica* (Distant) in coconut leaf 539
Lactic acidosis
Toxic effects of DDT, malathion and mercury on the tissue carbohydrate metabolism of *Sarotherodon mossambicus* (Peters) 443
Life cycle
Population biology and reproductive strategy of *Dichogaster bolaui* (Oligochaeta: Octochaetidae) in two tropical agroecosystems 239
Life table
Reproductive strategies of an egg parasitoid, *Trissolcus* sp. (Hymenoptera: Scelionidae) on two different hosts 455
Lipid and carbohydrates
Seasonal changes in the adrenal glands of the south Indian female gerbil, *Tatera indica cuvierii* (Waterhouse) in relation to the reproductive cycle 263
Litter
Earthworm population dynamics in different jhum fallows developed after slash and burn agriculture in north-eastern India 309
Litter ecosystem
Trophic structure and diversity in some litter inhabiting microarthropods of monoculture and natural forest ecosystems 301
Liver glycogen
Haemodynamics of hamsters during *Ancylostoma ceylanicum* infection 491
Longevity
Effect of feeding, ageing and diapausing on longevity and oviposition in the adult females of the army worm, *Spodoptera litura* (Fabricius) (Lepidoptera: Noctuidae) 29

Mahua oil cake
Experimental study on addition of superphosphate and mahua oil cake for increased yield from fish ponds 89
Maize
Effect of feeding organic acid treated maize (*Zea mays* L.) on growth and reproduction of albino rats (*Rattus norvegicus albinicus*) and Indian desert gerbils (*Meriones hurrianae*, jerdon) 161
Makisterone A
Effect of triol and makisterone A on the haemocytes of *Hieroglyphus nigrorepletus* Bolivar (Orthoptera: Acrididae) 203
Melanoides tuberculatus
Histological and histochemical observations on the digestive gland of *Melanoides tuberculatus* (Gastropoda) infected with certain larval trematodes and focus on their mode of nutrition 251
Meloidogyne incognita
On the improved vigour of the root-knot nematode infected cowpea plant with phenols of palmyrah wood sawdust extract, fortified with gibberellic acid and indoleacetic acid 103
Metabolic compatibility
Free phenol and the improved tolerance in four Meloidogyne (root-knot nematode) susceptible hosts 97
Metabolic cost
Bioenergetics of feeding and metabolic cost of living in freshwater Caridean prawns 519
Metals
Pollution of the seas around India 117
Metamorphosis
Digestive enzyme secretion during metamor-

phosis in *Oryctes rhinoceros* (Coleoptera: Scarabaeidae) 67
Microchiroptera
Early development and implantation in the rat-tailed bat, *Rhinopoma microphyllum* (Brunnich)—Rhinopomatidae—Microchiroptera 275
Monoculture
Trophic structure and diversity in some litter inhabiting microarthropods of monoculture and natural forest ecosystems 301
Morphogenesis
Effect of two juvenile hormone analogues on embryonic morphogenesis, histogenesis, endocrines and cuticulogenesis of *Dysdercus cingulatus* Fabr. (Heteroptera: Pyrrhocoridae) 55
Morphology
A club-shaped sensory hair on the first instar *Ectropis excursaria* (Lepidoptera: Geometridae) and its role in the behaviour of the caterpillars 79
Mus booduga booduga
Specialised integumentary glands of the Indian field mouse, *Mus booduga booduga* 499
Mycoplasma-like organisms
Stylet course of lace bug *Stephanitis typica* (Distant) in coconut leaf 539

Natural forest
Trophic structure and diversity in some litter inhabiting microarthropods of monoculture and natural forest ecosystems 301
Neurosecretory cells
Role of endocrines in water balance in the coconut palm beetle *Oryctes rhinoceros*-Ultrastructural and electrophoretic studies 347
Nitrogen excretion
Nitrogen excretion in insects 379
Diurnal variation in renal and extra-renal excretion of ammonia-N and urea-N in a freshwater air-breathing teleost, *Heteropneustes fossilis* (Bloch) 529
Noctuidae
Effect of feeding, ageing and diapausing on longevity and oviposition in the adult females of the army worm, *Spodoptera litura* (Fabricius) (Lepidoptera: Noctuidae) 29
Norepinephrine
The subcellular morphology of avian adrenal medulla 329
Nucleicolytic pathway
Nitrogen excretion in insects 379

Oenocytoids
Effect of triol and makisterone A on the haemocytes of *Hieroglyphus nigrorepletus* Bolivar (Orthoptera: Acrididae) 203
Oil
Pollution of the seas around India 117
Okra
Role of chemical components of resistant and susceptible genotypes of cotton and okra in ovipositional preference of cotton leafhopper 545
Oogonia
Oocyte—follicle cell dynamics in *Arrhenothrips ramakrishnae* Hood (Insecta: Thysanoptera)—I 1
Ooplasm
Oocyte—follicle cell dynamics in *Arrhenothrips ramakrishnae* Hood (Insecta: Thysanoptera)—I 1
Oral angle
Specialised integumentary glands of the Indian field mouse, *Mus booduga booduga* 499
Organic acids
Effect of feeding organic acid treated maize (*Zea mays* L.) on growth and reproduction of albino rats (*Rattus norvegicus albinicus*) and Indian desert gerbils (*Meriones hurrianae*, jerdon) 161
Orientation
A club-shaped sensory hair on the first instar *Ectropis excursaria* (Lepidoptera: Geometridae) and its role in the behaviour of the caterpillars 79
Oryctes rhinoceros
Digestive enzyme secretion during metamorphosis in *Oryctes rhinoceros* (Coleoptera: Scarabaeidae) 67
Probable endocrine role of midgut tissue in stimulation of digestive enzyme secretion in *Oryctes rhinoceros* (Coleoptera: Scarabaeidae) 73
Role of endocrines in water balance in the coconut palm beetle *Oryctes rhinoceros*-Ultrastructural and electrophoretic studies 347
Oviposition
Effect of feeding, ageing and diapausing on longevity and oviposition in the adult females of the army worm, *Spodoptera litura* (Fabricius) (Lepidoptera: Noctuidae) 29
Role of chemical components of resistant and susceptible genotypes of cotton and okra in ovipositional preference of cotton leafhopper 545

Parasitemea
Histological and histochemical observations on the digestive gland of *Melanoides tuberculatus* (Gastropoda) infected with certain larval trematodes and focus on their mode of nutrition 251
Parasitoid
Reproductive strategies of an egg parasitoid, *Trissolcus* sp. (Hymenoptera: Scelionidae) on two different hosts 455
Pentatomid
Functional response of *Eocanthecona furcellata* (Wolff.) (Heteroptera: Pentatomidae) in relation to prey density and defence with reference to its prey *Latoia lepida* (Cramer) (Lepidoptera: Lemacodidae) 339

Perineal (circumanal)
Specialised integumentary glands of the Indian field mouse, *Mus booduga booduga* 499
Pesticides
Pollution of the seas around India 117
Philosamia ricini
Effect of leaf ration on dietary water budget of the larvae of silkworm *Bombyx mori* and eri silkworm *Philosamia ricini* 197
Pinocytosis
Oocyte—follicle epithelial cell dynamics in *Arrhenothrips ramakrishnae* Hood (Insecta: Thysanoptera)—II. Observations on the preterminal and terminal oocytes 13
Electron microscopic studies on the follicle epithelial cell-oocyte cortex interface in *Arrhenothrips ramakrishnae* Hood (Insecta: Thysanoptera) 289
Pituitary
Cytology and seasonal changes of the pituitary of the emballonurid bat, *Taphozous melanopogon* (Temminck) 479
Plankton food
Natural food of the edible oyster *Crassostrea madrasensis* (Preston) of Pulicat lake, south India 463
Plasmatocytes
Effect of triol and makisterone A on the haemocytes of *Hieroglyphus nigrorepletus* Bolivar (Orthoptera: Acrididae) 203
Pollution
Pollution of the seas around India 117
Population
Earthworm population dynamics in different jhum fallows developed after slash and burn agriculture in north-eastern India 309
Population and biomass
Population, biomass and secondary net production of aboveground insects in a temperate grassland 319
Precocene-I
Influence of precocene-I on the development of vitellogenic oocytes in *Trogoderma granarium* Everts (Coleoptera: Dermestidae) 435
Predator
Functional response of *Eocanthecona furcellata* (Wolff.) (Heteroptera: Pentatomidae) in relation to prey density and defence with reference to its prey *Latoia lepida* (Cramer) (Lepidoptera: Lemacodidae) 339
Predatory behaviour
Predatory behaviour of *Rhinocoris marginatus* Fabricius (Harpactorinae—Reduviidae—Heteroptera—Insecta) 41
Previtellogenic oocytes
Oocyte—follicle cell dynamics in *Arrhenothrips ramakrishnae* Hood (Insecta: Thysanoptera)—I 1
Prohaemocytes
Effect of triol and makisterone A on the haemocytes of *Hieroglyphus nigrorepletus* Bolivar (Orthoptera: Acrididae) 203
Protein profiles
Haemolymph protein profiles during the gonadotrophic period of *Gesonula punctifrons* Stal. (Orthoptera: Insecta) 423
Pteridines
Nitrogen excretion in insects 379
Pterines
Nitrogen excretion in insects 379
Pupa
Faecal weight as an index of development rate and energy content of imago of lepidopterous insects 35
Purkinje neurons
'Dark' type Purkinje cells and neuronal ageing 449

Reduviidae
Predatory behaviour of *Rhinocoris marginatus* Fabricius (Harpactorinae—Reduviidae—Heteroptera—Insecta) 41
Ultrastructure of the eggs of Reduviidae: IV. Eggs of Rhaphidosomatinae (Insecta—Heteroptera) 49
Bursal glands of Reduviidae (Insecta—Heteroptera) 211
Subrectal glands of Reduviidae (Insecta—Heteroptera) 223
Refractile bodies
Electron microscopic studies on the follicle epithelial cell-oocyte cortex interface in *Arrhenothrips ramakrishnae* Hood (Insecta: Thysanoptera) 289
Regeneration
Cilia regeneration in cytochalasin B treated *Tetrahymena* 417
Renal and extra-renal excretion
Diurnal variation in renal and extra-renal excretion of ammonia-N and urea-N in a freshwater air-breathing teleost, *Heteropneustes fossilis* (Bloch) 529
Reproduction
Experimental study on addition of superphosphate and mahua oil cake for increased yield from fish ponds 89
Effect of feeding organic acid treated maize (*Zea mays* L.) on growth and reproduction of albino rats (*Rattus norvegicus albinicus*) and Indian desert gerbils (*Meriones hurrianae*, jerdon) 161
Reproductive efficiency
Bioenergetics and reproductive efficiency of *Atractomorpha crenulata* F. (Orthoptera: Insecta) in relation to food quality 505
Reproductive strategy
Population biology and reproductive strategy of

Dichogaster bolaui (Oligochaeta: Octochaetidae) in two tropical agroecosystems 239
Resistance
Role of chemical components of resistant and susceptible genotypes of cotton and okra in ovipositional preference of cotton leafhopper 545
Rhaphidosomatinae
Ultrastructure of the eggs of Reduviidae: IV. Eggs of Rhaphidosomatinae (Insecta—Heteroptera) 49
Rhinopoma microphyllum
Early development and implantation in the rat-tailed bat, *Rhinopoma microphyllum* (Brunnich)—Rhinopomatidae—Microchiroptera 275
Roosting ecology
Role of light and temperature in the roosting ecology of tropical microchiropteran bats 551
Rough endoplasmic reticulum
Electron microscopic studies on the follicle epithelial cell-oocyte cortex interface in *Arrhenothrips ramakrishnae* Hood (Insecta: Thysanoptera) 289

Sawdust extract
On the improved vigour of the root-knot nematode infected cowpea plant with phenols of palmyrah wood sawdust extract, fortified with gibberellic acid and indoleacetic acid 103
Scanning electron microscopy
The subcellular morphology of avian adrenal medulla 329
Scent glands
Chemical analysis of secretion from the abdominal scent glands of *Chrysocoris purpureus* (Heteroptera: Pentatomidae) 111
Seasonal change
Cytology and seasonal changes of the pituitary of the emballonurid bat, *Taphozous melanopogon* (Temminck) 479
Seasonal variation
Seasonal changes in the adrenal glands of the south Indian female gerbil, *Tatera indica cuvierii* (Waterhouse) in relation to the reproductive cycle 263
Secondary metabolites
Chemical analysis of secretion from the abdominal scent glands of *Chrysocoris purpureus* (Heteroptera: Pentatomidae) 111
Secondary net production
Population, biomass and secondary net production of aboveground insects in a temperate grassland 319
Sewage
Pollution of the seas around India 117
Single superphosphate
Experimental study on addition of superphosphate and mahua oil cake for increased yield from fish ponds 89
Slash and burn agriculture
Earthworm population dynamics in different jhum fallows developed after slash and burn agriculture in north-eastern India 309
Soil organic matter
Population structure of earthworms in woodlands of Karnataka 355
Sorbitol
Polyol dehydrogenases in the eggs of the silkworm *Bombyx mori* L. 429
South Indian gerbil
Seasonal changes in the adrenal glands of the South Indian female gerbil, *Tatera indica cuvierii* (Waterhouse) in relation to the reproductive cycle 263
Specialised integumentary glands
Specialised integumentary glands of the Indian field mouse, *Mus booduga booduga* 499
Sperm
Glycosidases in toad (*Bufo melanostictus*) sperm and their role during fertilization 181
Spermatogenesis
Steroidogenic cells in the testis of larva, pupa and adult eri silkworm, *Philosamia ricini*—A histochemical study 189
Spring constant
A club-shaped sensory hair on the first instar *Ectropis excursaria* (Lepidoptera: Geometridae) and its role in the behaviour of the caterpillars 79
Spodoptera litura
Effect of feeding, ageing and diapausing on longevity and oviposition in the adult females of the army worm, *Spodoptera litura* (Fabricius) (Lepidoptera: Noctuidae) 29
Spumaline
Bursal glands of Reduviidae (Insecta—Heteroptera) 211
Subrectal glands of Reduviidae (Insecta—Heteroptera) 223
Stephanitis typica
Stylet course of lace bug *Stephanitis typica* (Distant) in coconut leaf 539
Steroidogenic cells
Steroidogenic cells in the testis of larva, pupa and adult eri silkworm, *Philosamia ricini*—A histochemical study 189
Stress syndrome
Toxic effects of DDT, malathion and mercury on the tissue carbohydrate metabolism of *Sarotherodon mossambicus* (Peters) 443
Stylet course
Stylet course of lace bug *Stephanitis typica* (Distant) in coconut leaf 539
Subrectal glands
Subrectal glands of Reduviidae (Insecta—Heteroptera) 223

Superparasitism
Reproductive strategies of an egg parasitoid *Trissolcus* sp. (Hymenoptera: Scelionidae) on two different hosts 455
Survival
Experimental study on addition of superphosphate and mahua oil cake for increased yield from fish ponds 89
Susceptibility ratings
Free phenol and the improved tolerance in four Meloidogyne (root-knot nematode) susceptible hosts 97

Taphozous melanopogon
Cytology and seasonal changes of the pituitary of the emballonurid bat, *Taphozous melanopogon* (Temminck) 479
Temperate grassland
Population, biomass and secondary net production of aboveground insects in a temperate grassland 319
Testis
Steroidogenic cells in the testis of larva, pupa and adult eri silkworm, *Philosamia ricini*—A histochemical study 189
Tetrahymena
Cilia regeneration in cytochalasin B treated *Tetrahymena* 417
Torque
A club-shaped sensory hair on the first instar *Ectropis excursaria* (Lepidoptera: Geometridae) and its role in the behaviour of the caterpillars 79
Toxicosis
Toxic effects of DDT, malathion and mercury on the tissue carbohydrate metabolism of *Sarotherodon mossambicus* (Peters) 443
Transmission electron microscopy
The subcellular morphology of avian adrenal medulla 329
Triol
Effect of triol and makisterone A on the haemocytes of *Hieroglyphus nigrorepletus* Bolivar (Orthoptera: Acrididae) 203
Trogoderma granarium
Influence of precocene-I on the development of vitellogenic oocytes in *Trogoderma granarium* Everts (Coleoptera: Dermestidae) 435
Trophic chain
Trophic structure and diversity in some litter inhabiting microarthropods of monoculture and natural forest ecosystems 301
Tropical earthworms
Population structure of earthworms in woodlands of Karnataka 355
Tryptophanommochrome pathway
Nitrogen excretion in insects 379
Ultrastructure
Role of endocrines in water balance in the coconut palm beetle *Oryctes rhinoceros*—Ultrastructural and electrophoretic studies 347
Unimodality
Population biology and reproductive strategy of *Dichogaster bolaui* (Oligochaeta: Octochaetidae) in two tropical agroecosystems 239
Urea-N
Diurnal variation in renal and extra-renal excretion of ammonia-N and urea-N in a freshwater air-breathing teleost, *Heteropneustes fossilis* (Bloch) 529
Uricolytic pathway
Nitrogen excretion in insects 379

Vector
Stylet course of lace bug *Stephanitis typica* (Distant) in coconut leaf 539
Venom
Preliminary studies on the venom of three Indian spiders 231
Venom proteins
Preliminary studies on the venom of three Indian spiders 231
Vertical stratification
Population biology and reproductive strategy of *Dichogaster bolaui* (Oligochaeta: Octochaetidae) in two tropical agroecosystems 239
Vigna unguiculata
On the improved vigour of the root-knot nematode infected cowpea plant with phenols of palmyrah wood sawdust extract, fortified with gibberellic acid and indoleacetic acid 103
Vigour
On the improved vigour of the root-knot nematode infected cowpea plant with phenols of palmyrah wood sawdust extract, fortified with gibberellic acid and indoleacetic acid 103
Vitellarium
Oocyte—follicle cell dynamics in *Arrhenothrips ramakrishnae* Hood (Insecta: Thysanoptera)—I 1
Vitellogenesis
Oocyte—follicle epithelial cell dynamics in *Arrhenothrips ramakrishnae* Hood (Insecta: Thysanoptera)—II. Observations on the preterminal and terminal oocytes 13
Vitellogenic oocytes
Influence of precocene-I on the development of vitellogenic oocytes in *Trogoderma granarium* Everts (Coleoptera: Dermestidae) 435
Von Bertalanffy function
Growth in the Asian elephant 561

Water balance
Role of endocrines in water balance in the coconut palm beetle *Oryctes rhinoceros*—Ultrastructural and electrophoretic studies 347

Water retention efficiency
Effect of leaf ration on dietary water budget of the larvae of silkworm *Bombyx mori* and eri silkworm *Philosamia ricini* 197
Woodland earthworms
Population structure of earthworms in woodlands of Karnataka 355
Worm species-richness
Population structure of earthworms in woodlands of Karnataka 355

Yolk
Oocyte—follicle cell dynamics in *Arrhenothrips ramakrishnae* Hood (Insecta: Thysanoptera)—1 1
Yolk spheres
Oocyte—follicle epithelial cell dynamics in *Arrhenothrips ramakrishnae* Hood (Insecta: Thysanoptera)—II. Observations on the preterminal and terminal oocytes 13

Zn
Effect of copper, cadmium and zinc on fish-food organisms, *Daphnia lumholtzi* and *Cypris subglobosa* 175
Zooplankton
Natural food of the edible oyster *Crassostrea madrasensis* (Preston) of Pulicat lake, South India 463
